

Project, Coursework & Examination Credit for Part IIB of MET

From the Secretary of the Faculty Board of Engineering 2020

The Examiners for Part IIB of the Manufacturing Engineering Tripos will take account of work produced by candidates. The Faculty Board have determined that this shall consist of work with the requirements and total marks available set out below.

300 marks for coursework, divided as follows:

Manufacturing systems and robot lab	55 marks
Integrated Project	245 marks

300 marks for examinations, divided as follows:

Two written papers, each marked out of 100	200 marks
Teaching Module Assessments, combined mark	100 marks

Some questions in the written papers may be based on written material provided by the examiners in advance; such material will be included as part of the examination paper and candidates may not bring any papers into the examination.

Students are expected to undertake all the coursework as specified above. No allowance will be made for absence unless it is due to illness or other grave cause, and will be made then only if the reasons are presented in writing by the student's Tutor and are found to be acceptable by the Head of Department. Details of allowances approved by the Faculty Board can be found in the 'Allowances for Illness' document, under the relevant Tripos year, on the CUED undergraduate teaching web page.

Work submitted for marking must be that of the student who submits it.

Notes:

Integrated Project marks

Michaelmas term interim deliverables (Block 1)	45 marks
Lent term interim deliverables (Block 2)	80 marks
Easter term final deliverables (Block 3)	120 marks
Total	245 marks

Teaching Module Assessments marks

Production Technologies and Materials	30 marks
Sustainable Manufacturing	14 marks
Data and Decision Science	14 marks
Technology and Innovation Management	14 marks
Strategy and Marketing	14 marks
Leadership and Managing People	14 marks
Total	100 marks
